3. **Park Programs:**

Sarah Kanyer has agreed to be the director of the Summer Park Camp once again this year. She will let us know the details soon.

The programs introduced early this year were discussed and these programs will continue into the spring: Pickleball, Table Tennis and Tai Chi. The only cost involved is for the Tai Chi instructor. It was moved and seconded and voted yes unanimously to pay the Tai Chi instructor for another 6 weeks at a cost of \$600.00.

4. **Park Lands:**

Melrose Park was discussed and our future goals for it. The fence is in the budget and we will be considering that expense. All agreed that the drainage issue has to be addressed. We will ask Tom Dolph for advice. Kendra will contact April Fallon to see if we can meet on park design.

Oriole Trail park was discussed and we would like to offer more for the children in the sports area at the park. Kendra is going to get figures for the cost of Soccer goals to be installed at the park spring through fall.

Beach Stops were discussed. We had a suggestion to institute a flag system for all bonfire permits so that the police would be able to see who has a legal bonfire. Also, a boat rack was suggested which could be installed at Stop 28 and Stop 24 for small boats belonging to residents.

The Community Center liaison, Pat Eckenstahler reported that all leases are signed. A new artist is renting room 10.

The meeting was adjourned after it was approved unanimously.
