

Land Conservation Committee Minutes

November 2, 2017

Meeting called to order at 1630PM by Dr Juhasz.

Present:

Annabelle Juhasz

David Hoppe

Joy Schmidt

Martha Maust

Danny Thalman

Nathaneal is getting access agreement written up by attorney for Save the Dunes, so Long Beach residents and members of the LCC can participate in work projects in Stockwell Woods.

David reported that there is a large amount of exotic phragmites growing in the public access at Stop 19. Joy Schmidt as a representative of the Park Dept. with contact the park gardener, Brian Kanyer and request that he cut down and remove the invasive plants.

Martha updated all about the activities of the LB Beautification committee and that the committee is currently looking at all the stops to determine the action they would want to take to make improvements.

Danny Thalman presented his plan for developing paths and making benches and bike stands for the Long Beach property east of Moon Valley with access from Karwick road. He will present his plan to the Long Beach Planning Commission at their next meeting to request funds for his project.

A Juhasz presented ideas about planting trees around Long Beach. She has notices that there are many large old trees that have been removed, but very little planting of new trees. No further action at this time.

Meeting adjourned at 1730.

Respectfully submitted,

Martha Maust
