

Long Beach Building Commission

Minutes from November 7, 2014

8:30 A.M.

Members present: Mr. Larry Wall, Dr. Bob Angelo, Ms. Donna Kavanagh, Mr. Pat McDonald

The subject of Mr. Aaron Tomscheck filling the vacant position of Building Commissioner was brought up. Aaron was asked if he thought he could handle both positions (Building inspector and Building Commissioner). He replied that with some adjustments he could do both. It was suggested that he try it for 90 days and then we will see how everything is working. Also, his pay would be reviewed in 90 days.

It was agreed that Larry and Aaron would decide how bonds for contractors would be adjusted.

Donna asked if she could put together a newsletter. The idea was OK'd, but would first be sent to Commission members for review.

There was discussion from the public, and then the meeting was adjourned.
