1. PARK LAND AND FACILITY UPDATE:

Stop 21: Goals include removing railing that is next to the sidewalk, move water fountain to an area that prevents puddling, building new deck and stairs for a safer decline. Mary is going to get a quote for construction and supplies with a Spring date to start the building.

Stop 23: One of the benches was removed due to the flooding and the ground underneath was unstable. That bench needs to be replaced. Building is now going on next to the stop and there are large mounds from the builder along with damage to trees on town property. This needs to be repaired.

Stop 26: A bench is needed for that stop.

Stop 28: A memorial bench is planned for a long time resident by her family.

A general cleanup is needed of all stops and will be done in the spring.

2. Community Center update: Pat Eckenstahler, the community center liason brought the Long Beach Community Center Proposal to the board. It includes the mission, goals, objectives, history, and accomplishments. The Community Center board is continuing to meet to form a business plan.

The meeting was adjourned at 7:30 pm.
