

## Long Beach Police Commission

February 4, 2015

---

**Present: Bob Angelo, Bob Schaefer, Val Sliva, Chief Sulkowski**

- 1. Bob Schaefer updated the Commission on the status of the Police Contracts with Duneland Beach and Michiana Shores. He informed the Commission that he has been in contact with both DB and MS regarding the wording of the contracts. In the meantime, both indicated that they would pay the fee on a monthly basis as they review the contracts. The Commission and members of the department who were present, expressed ideas about how coverage of those two communities should be conducted. Mr. Schaefer is awaiting responses from DB and MS to review with the Commission.**
- 2. Chief Sulkowski mentioned to the Commission ideas about firming up the ordinance which addresses various violations on which the police issue tickets, such as, parking, etc. Presently there seems to be no “teeth” in getting the tickets paid and there are a number that have not been paid. There is a need to develop language in the ordinance that the Town can use to make sure payment is made. Mr. Schaefer will discuss with Town Attorney Julie Paulson to see what other communities are doing.**
- 3. Next meeting is March 4<sup>th</sup> at 8:30PM**
