

LONG BEACH COMMUNITY CENTER COMMITTEE MEETING

March 13, 2014

Members Present: Bill de Funiak, Jim Dehler, Pat Eckenstahler, Pat McDonald, Bob Schaefer

Citizens Present: Jim Neulieb

Nuts and Bolts – Pat McDonald reported that there are no major problems.

Fund Raising – Brick Sale – Debbie was unable to be at the meeting. Pat Eckenstahler will contact her to find out plans for next phase.

Plans for 2014 – The Committee agreed that we should begin working on the deferred maintenance items. Pat McDonald suggested we start with a list of six projects that can be done “in house”. New tasks can be added as the first are completed. Pat Eckenstahler will talk with tenants to get their input. Pat McDonald also suggested hiring a college student to help out this summer – perhaps sharing the cost with the Park Board. Pat Eckenstahler will discuss with the Park Board at their next meeting.

It was determined that refinishing the gym floor would be the one thing we could do that would be the biggest improvement and that we should move forward. Pat Eckenstahler will discuss with the Park Board with presentation to Town Council at their April 14<sup>th</sup> meeting.

Park Programs – The first session of Tai Chi is over. The next session will begin March 27. Anyone with suggestions for additional programs should contact a member of the Park Board.

Comments from members - Bill advised that expenditures have been in line with what was anticipated.

Comments from the floor - none
