

Town of Long Beach
Police Advisory Commission Meeting
January 2, 2013

Commissioners: Bob Schaefer and Bob Angelo. Officer Bullis was present on behalf of the police department. Bill deFuniak was also present.

1. Following up on the December meeting's discussion regarding pay for unused vacation days and sick days, the Commission once again reviewed the policy for payment of these unused days. Bill deFuniak had paid the sick pay as in the past; however, he felt that vacation pay should be calculated on a normal week's hours (42) and not on 60 hours, which the police calculate at (5) 12 hour/shift days which totals 60 hours. This has been the traditional way the vacation pay was calculated. Following the discussion, the Commission felt that since this has been the way it has been handled in the past, it should be paid at the 12 hr. day rate. This will be the last time it is calculated this way as the policy will be changed.
2. Officer Bullis explained that it is time to change their guns from 40 caliber to 9mm. Taking into account trade in values, it would cost about \$300 for each new gun. Also, he indicated that the department will need new hand held radios and evidence supplies. The commission requested that Todd prepare estimates for these items.
3. Next meeting is February 6th at 8:30AM.
