1. Melrose Park – update: Brian Kanyer- Park Maintenance has cleaned up Melrose Park and opened for play. Woodruff removed barriers and promised that if they cannot start this season will put us on the top of the list for next spring.

a. Dogs?????- Joy has received complaints that dogs have been taken into the park and owners not cleaning up after the dogs. When park is complete the board will consider rules so that all can have input. For now, we hope dog owners will consider that children play in this area and please clean up after their pets.

2. Tennis Court Resurfacing- awaiting bids for an inexpensive light resurfacing.

3. Donated bench- The donated bench is in place and we met with the LB Garden club for a picture and the beach is doing an article about it. There is slight water retained in the seat and we will ask maintenance to possibly drain holes if that is not damaging the integrity of the piece.
