IV. Old Business

1. Melrose Park – update included information about contact with Woodruff and Co. who is now working on other projects due to our delay in getting permit. The surfaces have a temperature requirement which may delay the work until spring. They have promised that if that happens, LB will be the first project in the spring. They still have hope they can get to us this year.

2. Park Director- discussed Sarah Plooster-Park Director's excellent work on summer programs.

3. Gardner? Groundskeeper?-Compliments have been received about the work of Brian Kanyer the Park maintenance person. The park looks more beautiful and neat under his care. We hope that we can have him designated Grounds Superintendent in the future.

4. Tennis Court Resurfacing-Arndt has given Kendra costs of total resurfacing at \$72,000.00. All agreed that that is too much at the present time and she will get a cost of a "clean up" version option.
