

BEAUTIFICATION COMMITTEE MINUTES — JULY 7, 2016 at 7 p.m. CST

STOPS 22 AND 23 UPDATES

- Opening bids for Stops 22 and 23 have been reviewed by Streets Commission
- The town has installed materials to assist with drainage issues at both stops

BUS STOPS

- Focus Group—including a representative from Street Commission, Parks and Recreation and Beautification Committee— will be developed to survey and initiate development of design plans for each bus stop.

LAKE MICHIGAN COASTAL GRANTS PROGRAM

- Carolyn Harris attended the COASTAL GRANTS PROGRAM— *Thanks Carolyn!!*
- Presented handouts relating to guidelines and deadlines for grant programs
- Will develop a committee to utilize the program to assist in funding some long and short term town projects—i.e., refurbishing Stop 24 pumping station and surrounding land; restoration of natural habitat on the beach.

STOP 24 PUMPING STATION

- Study Group is being formed and will hopefully meet within the next two weeks, if possible, to develop plans for refurbishing the pumping station utilizing Coast Grants Program recommendations.

TOWN SIGNAGE

- Discussed bids for town signage
- Brian has volunteered to make 'mock' signs for visual representation

KUDOS TO BRIAN (and wife Meg) FOR CLEANING, DESIGNING AND PLANTING BOXWOODS FOR THE TRIANGLE AT CHASTLETON AND ORIOLE. LOOKS FABULOUS!!!
