

Town of Long Beach  
Police Advisory Commission  
March 6, 2013  
Minutes

---

Present: Chief Sulkowski, Bob Angelo, Bob Schaefer, Val Sliwa

1. Because of the announced retirement of Officer Chastain, the commission discussed the replacement process of hiring a new officer. Chief Sulkowski suggested the idea of a review committee who would interview candidates. The committee would consist of commission members and ranking officers from other police agencies. The Chief indicated that he wishes to hire a replacement from within the ranks of Long Beach reserve officers, who are already familiar with the Town.

This process would take place between now and mid April.

2. The Police Department recently passed the Indiana Data and Communication System Audit (IDACS). This audit essentially checks on the department's computer equipment which has various types of data entries.
3. Next meeting is Wednesday April 3 at 8:30AM.
